

ENTERPRISE ASSET MANAGEMENT SYSTEM AND METHOD

ABSTRACT OF THE DISCLOSURE

5 A system and method for managing enterprise assets located at geographically distributed sites. The method includes storing in a database information relating to each asset, wherein the stored information includes cost of each asset and cost of service for each asset. The method further includes tracking and storing information relating to servicing of the assets, including the cost of servicing. Information relating to the assets is then displayed to a user of the system.
